

**55 years of
Seaway Salties**

1959 to 2013

René Beauchamp

55 YEARS of SEAWAY SALTIES

1959 to 2013

compiled by René Beauchamp

Updated in January 2014

List of ocean-going freighters which transited the St. Lawrence Seaway from 1959 to 2013, spanning 55 years. Because of lack of information for the very early years of the Seaway, this index does not claim to be a complete accurate list of vessels, but is believed however to be almost one hundred percent accurate. Canallers and other inland vessels sold abroad and reflagged in one of the Great Lakes ports before their departure for overseas are included. The details in this book update the ones which appeared in my publications Seaway Ocean Vessels and Seaway Ships published between 1983 and 2013.

All the vessels listed are general cargos ships including heavy-lift vessels and ro-ro ships, also bulk carriers, supply ships and tankers.

Spelling of names: Several vessels listed were known under a variation of their name, particularly the Soviet ships. See a partial list at the end of this document.

Doubtful visitors: Because no official records exist from the St. Lawrence Seaway Authority for the very early years of the Seaway, it must be emphasized that for a very few ships listed in this book, it was impossible to verify if they actually transited the waterway despite reports they might have transited. Ships in that category include the FANNY SCARLETT and a handful of others.

Details : Name of vessel, first year of transit in brackets, gross tonnage, flag, year built, and class of ship [if any]. The tankers are identified with the letter **t**. The T2s were tankers.

Explanations:

First year of transit: The year the ship transited the Seaway for the first time under her current name. It is indicated by the two last figures of a year. Examples: 65=1965, 98=1998, 11=2011, etc.

Gross tonnage: The gross tonnage the ship had when she transited for the first time. This figure was altered in subsequent trips for several vessels. For shelter deck vessels, the CSD tonnage which is greater than the OSD tonnage has been used. The gross tonnage is broadly, the capacity in cubic feet of the spaces within the hull, and of the enclosed spaces above the deck available for cargo, stores, fuel, passengers and crew, with certain exceptions, divided by 100. Thus 100 cubic feet of capacity is equivalent to 1 gross ton.

Flag: The flag which the vessel was flying on her first trip. On subsequent trips, several vessels were reflagged without changing the name.

Year built: Year built according to Lloyd's Register of Shipping or Lloyd's Shipping Index.

Class of ships and abbreviations:

36L	C4
B26	Empire
C1	Fdm Freedom
C2	Fdm II Freedom Mark II
C3	Fds Friendship

Fort		SD14	
Ftn	Fortune	SF	Santa Fe
GL	German Liberty	T2	
HF	Hispania Freedom	Vic	Victory
Lib	Liberty	Vn	Varna
Park		Wm	Wismar

The 36Ls and German Liberties were built in Germany. The B26s in England. The C1s, C2s, C3s, C4, Liberties, T2s and Victories in USA. The Empires were not standard vessels like the other types. They were vessels of various dimensions mostly built in England and vessels seized by England during World War II. The Freedoms were built in Japan, Singapore and Taiwan. The Freedoms Mark II, Friendships and Fortunes were built in Japan and the Forts and Parks, in Canada. The Hispania Freedoms and Santa Fes were Spanish-built and the SD14s in England, Greece, Brazil and Argentina. The Varnas were produced in Bulgaria and the Wismars in East Germany. Actually, the word Varna is not the official term for this type of vessels but so many of those ships built at Varna, visited Great Lakes ports that the term Varna has stuck to them. The same can be said for the Wismars built at Wismar, East Germany.

- 2009 Edisongracht renamed Qamutik at Valleyfield in June.
- 2009 Qamutik renamed Edisongracht at Valleyfield in November.
- 2010 Edisongracht renamed Qamutik at Valleyfield in June.
- 2011 Beluga Fusion renamed BBC Steinhoeft at Toronto in March.
- 2011 CF Max renamed Morholmen at Hamilton in November.
- 2013 Emmagracht renamed Mitiq at Valleyfield in July.

List of foreign-flag vessels having spent the winter in Great Lakes ports.
(Not guaranteed to be a complete list.)

- Winter 1959-60, Jackson Princess at Hamilton. Reason: lay-up (lack of contracts).
- Winter 1959-60, Theodoros A. at Lorain. Reason: Under arrest.
- Winter 1959-60, Vilja at Prescott. Reason: Had been aground off Brockville late in the season and was refloated too late to clear the Seaway.
- Winter 1959-60, Sweetwater at Detroit. Reason: Repaired by Great Lakes Engineering Works following a grounding late in the season near Bob-Lo Island.
- Winter 1962-63, Montrose at Toledo. Reason: Repairs at the shipyard following a sinking and salvage in the Detroit River on July 30, 1962.

Winter 1963-1964, Furman Victory at Toledo. Reason: Conversion to a fleet ballistic missile resupply cargo ship for the USN and renamed Furman.

Winter 1964-65, Orient Merchant, Olau Gorm, Van Fu at Toronto and Flying Independent at Chicago, Reason: Earlier closure of the Seaway than Expected caused by severe weather conditions.

Winter 1965-66, Protostatis off Wolfe Island near Kingston. Reason: Aground and refloated 31-1-66. Towed to Toronto to spend the rest of the winter.

Winter 1965-66, Orient Trader at Toronto. Reason: Casualty (fire) Not repaired. Towed out of the Lakes the following spring.

Winter 1966-67, Transbay at Lorain. Reason: rebuilding of the vessel.

Winters 1979-1981, Photinia at Milwaukee, Sturgeon Bay, Chicago and Kewaunee. Reason: Total loss following a casualty at Milwaukee. Broken up at Kewaunee, WI

Winter 1979-1980, Archangelos at Port Weller. Reason: Repairs after grounding on Dec.16 near Morristown, N.Y.

Winters 1979 to 1988, Samaru at Sarnia, Port Lambton and then Port Dover. Reason: Under arrest.

Winter 1983-84, President Harrison at Sturgeon Bay. Reason: Conversion into a crane ship.

Winter 1985-86 and then winter 1987 to 1993, Kiisla trading between mostly Sarnia in Canada and American ports.

Winter 1986-87, Federal Rhine at Detroit. Reason: lay-up (lack of contracts).
